Bacteriology, Fashions in surgery, ed. 266
Bell Telephone System, Medicine in industry from standpoint of executive, 587
Biceps brachii, Rupture of supraspinatus tendon, 579
Bile ducts, Secondary plastic repair of common duct, new aid in finding the proximal stump, 1151
Bile salt, Etiological rôle of gas-forming bacilli in experimental bile peritonitis, 205
Biliary tract, visualization with radiopaque oils, 92
Bladder, Transplantation of ureters to sigmoid, experimental study in dogs, 212; Treatment of malignant tumors of urinary, 312; Diverticula of urinary, 324; Electrosurgery in diseases of genito-urinary system, 515; Primary malignant tumors of ureter, 793; Clinical applications of bladder tumor pathology, 979; Vesical neck obstruction with presentation of new instrument for its relief, 1007; Histological study of perivaginal fascia in nullipara, 32, cor. 1040
Blood chemistry determinations, Acute intestinal obstruction, 702

Blood vessels, Varicose ulcers, treatment with the "rubber sponge or venous heart" and supportive bandage, 1164
Bone, Treatment of compound injuries, 371; Epiphyseal chondromatous giant cell tumors of upper end of humerus, 543; Physical therapy in fractures of both bones of leg, 564; Epithelization of cavities of, and calcification of fibrous marrow in chronic pyogenic osteomyelitis, 759; Skeletal distraction, description of apparatus, 893; Further observations on transplantation of epiphyseal cartilage plate, 958
Brain, Experience with cerebellar astrocytomas, critical review of seventy-six cases, 129; Fashions in surgery, ed. 266; Surgical treatment of cerebral tumors, technical considerations, 381; Cranial sinus thrombosis, ophthalmologic aspects, 464; Neurosurgical aspects of sinus thrombosis from standpoint of ophthalmology, 471; Rhinological aspects of cavernous sinus thrombosis, 474; Electrosurgical unit as an aid to the neurologic surgeon, 505; Head injuries of moderate degree, review of one hundred cases, fifty ventricular studies, 576
Breast, Technique of complete removal, 71; Electrosurgical unit as aid in general surgery, 513; Muscle involvement in cancer of, its relation to primary radium treatment, 549; Cancer of, analysis of one hundred and eight cases of, and clinical index of malignancy, 1001
Broad ligament, Treatment of pelvic cellulitis, surgical drainage of parametric exudates, 1121
Broders' index of malignancy, Medical treatment of cancer, ed. 119; Effect of treatment in cases of carcinoma, study of alteration of malignancy in metastatic growths after removal or irradiation of primary growths, 824
Bronchiectasis, Pathogenesis, diagnosis, and treatment of, 406; Congenital cystic disease of lung, 747
Bunion, Radical cure of hallux valgus (bunion), subarticular resection of head of metatarsal bone, 776
Bursa, Conservative treatment of prepatellar bursitis, study of twenty-seven consecutive cases with follow-up, 87

CANCER, Medical treatment of, ed. 119; programs, ed. 481; conference and symposium, 522; institutes, 522; Tumor clinic of Massachusetts General Hospital, 529; Organization of tumor clinic in general hospital, 531; The Westchester plan, county method for cancer control, 533; State aided cancer clinics in Massachusetts, 536; American College of Surgeons cancer campaign, 542; Muscle involvement in breast, relation to primary radium treatment, 549; How soon should colostomy be performed in cases of inoperable, of rectum, 554; How public can assist in reducing mortality of, 620; Prevention of, 621; The world fights, 621; Cancer menace, 622; What cancers can be cured, 623; of face and mouth, 624; American College of Surgeons and, 625; Effect in treatment in cases of, study of alteration of malignancy in metastatic growths after removal or irradiation of primary growths, 824; Radium in treatment of, of vagina, 884
Cancer diagnostic clinics, State aided cancer clinics in Massachusetts, 540
Cancer hospitals, clinics, institutes, 522; Description of Cancer hospital of the state institute for the study of malignant disease, 525; Tumor clinic of Massachusetts General Hospital, 529; Organization of tumor clinic in general hospital, 531; The Westchester plan, county method for cancer control, 533; State aided cancer clinics in Massachusetts, 536
Carbon dioxide after operation, Postoperative lung complications, ed. 120
Carcinoma, Pathology of spread of cancer of rectum and its bearing upon surgery of cancerous rectum, 350
Care, Absorption of special charges in hospital, 649; Comparison of certain factors essential to success of hospital, 650; Cost of hospital, 657
Cartilage, internal and external of knee, Derangement of, 568; Further observations on transplantation of epiphyseal, plate, 958
Case records, and clinical conferences, 662
Cataract operation, study of details, 452
Catgut, Sterility of, in relation to hospital infections, with effective test for sterility, 430, 647
Cells, interfollicular of thyroid gland, Follicular destruction in normal thyroid of dog, with consideration of relation between follicles and, 228
Cellulitis, Treatment of pelvic, surgical drainage of parametric exudates, 1121
Central credit bureau service for hospitals, 656
Central dressing and supply room, 658
Charges, special, Absorption of, 649
Children, Experience with cerebellar astrocytomata in, critical review of seventy-six cases, 129; Fundamental principles in treatment of acute empyema in, 386; Diagnostic value of uterosalpingography in preadolescent ovarian torsion, 723; Congenital cystic disease of lung, 747
Cholecystography, Biliary tract visualization with radiopaque oils, 92
Clinical conferences, Case records and, 662
Clinical research, Ideals and the art of surgery, 273
Colds, Prevention of, 633
Colon, Polyps of large intestine, 1136
Community, Hospital and the, 636
Complications, Postoperative, Effect of ephedrin on circulation of dogs during spinal anæsthesia, 953; Nonspecific peritoneal immunization, 1093
Conception, Effect of injection of female sex hormone (œstrin) on, and pregnancy in guinea pig, 713
Contractures, of hand, 367; neurogenic, Surgical treatment of, 360
Corpus luteum, of pregnancy, persistence of pregnancy after excision of, in early weeks, 52
Cranium, Fashions in surgery, ed. 266; Surgical treatment of cerebral tumors, technical considerations, 381; Cranial sinus thrombosis, ophthalmological aspects, 464; Head injuries of moderate degree, review of one hundred cases, including fifty ventricular studies, 576;
Crippled child, 627
Cushing, Harvey, The humanities of medicine, 488

DACOSTA, J. Chalmers, The humanities of medicine, 488
Darrach, The humanities of medicine, 488
Diagnosis, differential, Importance of roentgenographic examinations in acute cases of circumscribed or diffuse peritonitis, 804
Diaphragm, Serious intra-abdominal trauma without external evidence of violence, 767
